Dollard des Ormeaux, July 1st 1976

Mr. Harold Weisberg
Frederick, Md. U. S. A.

Mr. Weisberg

I have read about your long probe into John F. Kennedy's assassination.

I am looking for a determined individual to launch a probe into another case where information is readily available and the possibilities of a successful conclusion are at hand.

Please forward your mailing address and I will submit to you the nature of the problem.

Yours truly,

Roger Roy
